Docket No. MESH011

### **REMARKS/ARGUMENTS**

Submitted herewith are new Powers of Attorney and a Change in Correspondence Address in this application. It is respectfully requested that the Docket Number in this application be changed to read – MESH011.

Claims 51-57 remain pending in this application. Claims 51-57 are provisionally rejected under the judicially created doctrine of obviousness-type double patenting over claims 51,53,55-57,59,60,65,67, and 73-75 of co-pending United States Patent application serial number 09/846,434. Although Applicant respectfully disagrees with this rejection and thus traverses this rejection, in the interest of expediting allowance of the subject application, a terminal disclaimer, in compliance with 37 CFR § 1.321(c), is filed of even date herewith to overcome the provisional double patenting rejection. Since the above mentioned application and United States Patent application 09/846,434 are commonly owned by the same assignee of the application, it is believed that the terminal disclaimer overcomes the provisional obviousness-type double patenting rejection.

Accordingly, Applicant respectfully requests that the Examiner withdraw the double patenting rejection and issue a Notice of Allowance.

In the event that the Examiner deems the present application non-allowable, it is requested that the Examiner telephone the Applicant's attorney or agent at the number indicated below so that the prosecution of the present case may be advanced by the clarification of any continuing rejection.
